# Escuela de Caminos de Madrid: We're hiring!

## INTRO

The Polytechnic University of Madrid (UPM), through the “Escuela de Ingenieros de Caminos, Canales y Puertos” has launched an ambitious project, comprising a master program and the creation of a centre of excellence of Digital Twins for civil engineers (namely “Digital Twins for complex infrastructures and urban ecosystems”). The project is co-funded by the EC.

## WHAT ARE WE LOOKING FOR?

A person with excellent project management skills, experienced in working for European Commission projects and ability to manage and work in international teams for the **position of “Project Manager”** She/he will be the project manager of the project on behalf of the UPM, reporting to the project director, coordinating the different working groups and taking responsibility on the deliverables and deadlines of the project. She/he will also support the Escuela de Caminos in the identification, bidding and management of new EU funded projects.

## WHAT DO WE OFFER?

- . A **full-time permanent contract** with the Polytechnic University of Madrid.
- . Associated to a 4 years project, which might be extended in the future.
- . A gross salary in the range of **29-33,000 (euros/year)** depending on previous experience and your university degree.
- . And, of course, the opportunity to join an international team and work in a nurturing and innovative environment!

## WHERE WOULD YOU WORK?

Our "base" is **in Madrid**, however, we work within an international environment which means that many working sessions will be held online, with the option of traveling to meet other teams located in the different countries of the partners of the Project.

## HOW TO APPLY?

Read all requirements of the offer, and send your CV [here](#) **until 5 December, 2022.**
